

TranzPress and Projetex: The Success Keypoints

TranzPress Kft.

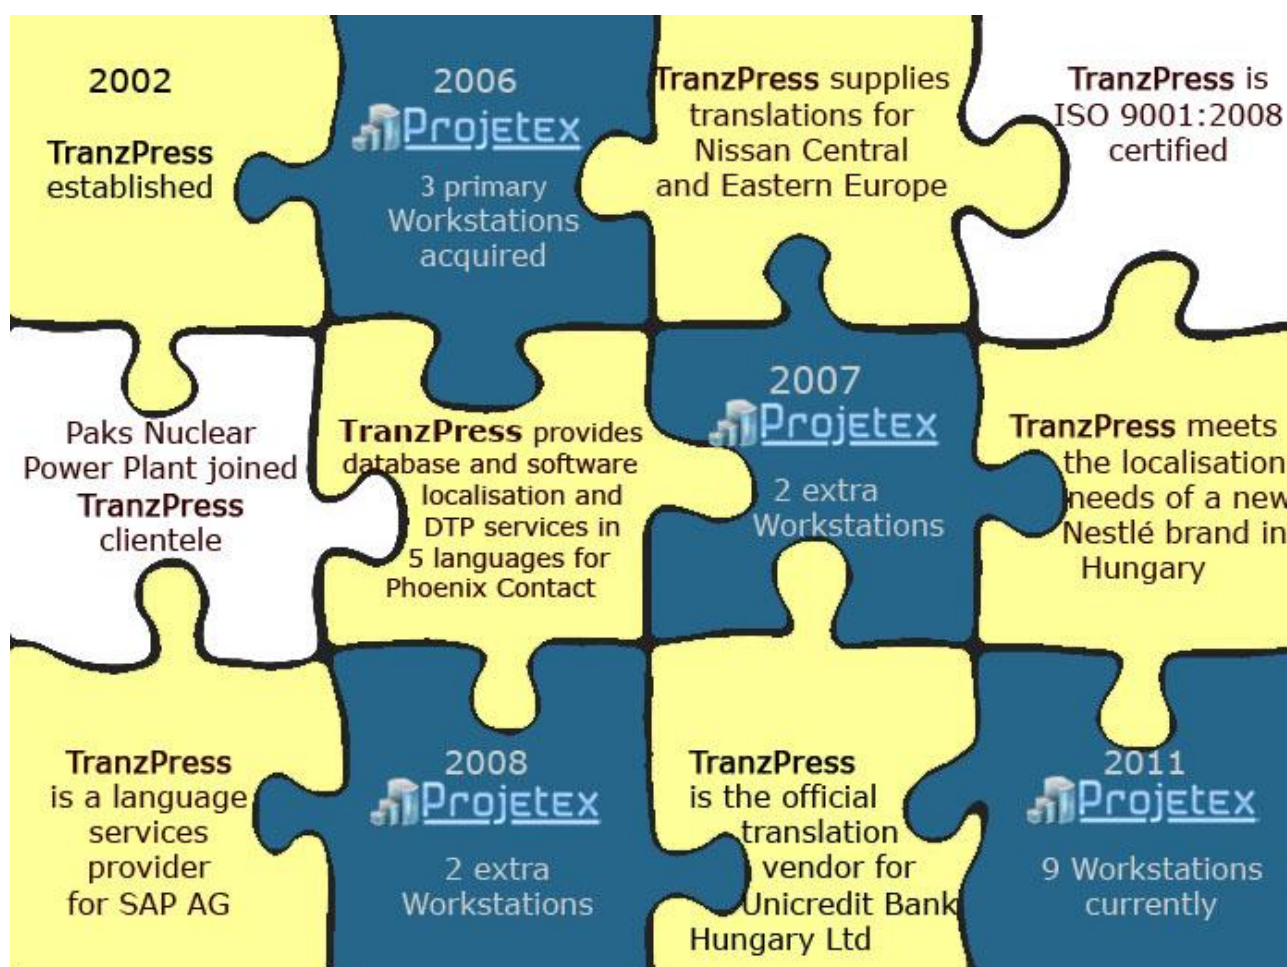

Budapest, Hungary

TranzPress is one of Hungary's forefront language service providers offering multilanguage translation and software localisation services as well as DTP. Using the latest translation technologies, the ISO certified company offers services in 80 language pairs.

TranzPress is one of the fastest growing language service providers in Hungary. Having introduced 3 primary Projetex Workstations in 2006, TranzPress now employs 9 Projetex Workstations.

TranzPress Success Keypoints

"Projetex now plays a crucial role in our daily work in keeping our administration and project management on the track. An agency that manages many thousands of projects in a year can not lack such a solution."
András Szalay-Berzeviczy, CEO of TranzPress, Hungary
